Verge Art Brooklyn invites you to experience a paradigm shift in art fairs as we know them, a show that recovers the standard of an art fair as a platform for presenting the best work by living artists. Art Brooklyn throws open the doors for attendees to a whole new universe of artists, music, art, and community. Verge Art Brooklyn is proud of a list of exhibitors that includes international galleries, resident DUMBO galleries and Brooklyn Art Now curated survey exhibit participants for a combined total of over seventy gallery exhibitors at nine locations, nearly forty participants for "Material Issue: Artist's Projects Spaces" and fifty artists for "Tomorrow Stars: The Art Brooklyn Open Call Exhibition." Chosen by a distinguished panel of jurors, "Tomorrow Stars" represents the brightest and best Brooklyn has to offer, as selected by Courtney Wendroff of the Brooklyn Arts Council, artist and former president of the NYC chapter of the American Society of Media Photographers Stephen Mallon, blogger and art critic Steve Kaplan, and Danny Simmons, chairman of the NYC chapter of the National Conference of Artists. Don't miss out on this opportunity to own the work of tomorrow's stars today! Visit us online: www.brooklynartfair.com!
